## DIRECTOR OF OPERATIONS NEWS

WELCOME 2026!

Happy New Year to all!

The New Years Eve event was a spectacular event. The decorations, food, desserts and giveaways were over the top. Thank you to the amazing volunteers that decorated and prepared for this event. Also, a big thank you to those that donated prizes for this event.

## BE PREPARED FOR SNOW

The weather so far has been mild, but as we know SNOW is likely to happen this month and/or next: As a reminder IACT only plows the blacktop roads at the entrance, trading post, 17A bath house and the Administration building so emergency personnel may not be able to reach you in the event of an emergency, please plan accordingly during snow events.

## COMFORT STATION CLOSURE

11A bath house: Just a heads up that within the next couple of weeks, Po River will be making upgrades to the 11A bath house pump station and it will be closed during this time. As soon as IACT knows the dates it will share that information with you.

## Word of the Month "JOURNEY"

January 2026 word is "JOURNEY". Find that word on a rock we have hidden around the campground and bring it to the office for a prize

"Dance. Smile. Giggle. Marvel. TRUST. HOPE. LOVE. WISH. BELIEVE. Most of all, enjoy every moment of the JOURNEY, and appreciate where you are at this moment instead of always focusing on how far you have to go."

## Glen 3 (Navajo Territory)

New signs for Glen 3 have been ordered and in the making but will not be able to paint and put them up till springtime, because it has gotten too cold to complete the project.

Also update on the pavilion, IACT approved our building, but based on the side of it and how it is being built will have to go through the county. That is fine, I am up to the challenge, and I will learn a lot in this process. So, it may be a minor delay in it all, but I will not stop until it is done.

The new year's party seemed to have been a hit; the pictures were great with all the decorations. It looks like IACT went all out for us.

It has quieted down a lot, but they are still things going on, so please check the Indian Acres website calendar for upcoming activities.

A little update on Glen 3, everything has been looking good, they came through and fixed the apron at the entrance, which is a lot better, also they came through the glen and scraped the road and that looks really nice. So IACT is working even though we may not see it all the time.

I hope everyone had a wonderful Christmas, and a Safe New Year. Here to 2006!!

If you are new to Glen 3 or have not done so yet please request to join our Glen 3 Navajo Facebook page. It is strictly for Glen 3 ONLY and it is private; please do not invite just anyone to join the page, it is only for Members of Glen 3.

Always remember Berkeley Landfill (directions at the Security guard shack) is available, and right down the road. Rules and getting a pass for Berkeley Landfill is at Site Control office, just walk in and ask them for the information. Also, I usually have a copy of it on hand if needed.

Thanks for all your support. Looking forward to a great 2026.
